

Seeking Experienced Water System Operator

Competitive wages, great benefits, training available:

Water District 19 is seeking a self-motivated and enthusiastic individual to join our team of water treatment and distribution professionals. We offer the training and mentorship needed to succeed as a water system operator.

About Water District 19:

Established in 1925, Water District 19 is the largest of the Group A water systems serving Vashon-Maury Island. We pump, treat, and deliver water from deep wells and surface water sources to 1,500 water service connections.

Job Summary:

The ideal candidate would be a certified operator, with a working knowledge of regulations and industry best practices pertaining to the operation & maintenance of a public water system. Areas of responsibility include source water management, surface water treatment, installation, and repair of distribution system components. While performing on-call duties, the operator must remain on-island and available to respond to emergencies and customer call-outs. The work can be physically demanding and is often performed outdoors in various weather conditions. Starting wages dependent on skills and experience:

- WDM 1/WTPO 1/CCS – \$37.66/hr to \$39.97/hr
- WDM 2/WTPO 2/CCS – \$43.93/hr to \$49.93/hr

Position Requirements:

Applicants must possess, or have the ability to obtain within 12 months of hire date: WTPO 2; WDM 1; CCS: Valid Washington State Drivers License

Benefits:

- Medical and dental insurance through Washington Healthcare Authority (PEBB)
- Training and education opportunities
- 11 paid holidays
- Accrued vacation and sick leave
- State of Washington PERS retirement plan
- \$400/yr annual clothing allowance

To apply: Send a cover letter, resume and/or requests for additional information to water19@water19.com or mail to
